

## Health and Safety update

**3/12/2020**

The health and safety of our customers and employees are always our top priority.

We are closely monitoring the advice and guidance from the Centers for Disease Control (CDC) and the World Health Organization (WHO)

As we navigate the rapidly evolving coronavirus (COVID-19) situation together, I want to share with you the extra precautions we're taking at **Lunardi's Markets** to serve our valuable customers

We have communicated with our employees to reinforce our sanitization safety procedures in both customer-facing and back-of-house areas. We are sanitizing high-traffic public areas at an increased frequency.

Hand sanitizers are located throughout public and back of house locations. Sanitizers are refilled and checked regularly.

Public touch points are cleaned multiple times throughout the day.

Surfaces such as checkout lanes, deli counters, dining tables, restrooms and associate break rooms are sanitized regularly. Bottom line: we want you to feel safe and comfortable shopping in our stores. Lunardi's also offers Instacart Delivery for your convenience!

All employees are instructed to wash hands after every break

Proper procedures are posted in all back-of-store work and prep areas.

We will continue to keep you, our valued customer, and our valued employees at the center of our planning and decision making.

Thank you & stay healthy

**Lunardi's Markets**
